

Agate

Agate is one of the oldest known protection stone and THE stone everyone should have for protection. Agate Encourages spiritual maturity and growth. Increases your inner vision. It gives protection, security and safety. Dissolves inner tensions and Strengthens rational thought. Agates attract strength. Agate is a protection from bad dreams. It also protects from stress and energy drains. Agate is also used for stomach upsets. The agate can't change emotions, but helps to change our level of acceptance of the emotion. Such as when you are very sad the agate will let you know that this will pass and help you get on to another and better day. This is why the Agate is considered so powerful as it gives us the strength to carry on. Wear agate when you have to make an important decision.
